

Dear Parents or Guardians of Seventh Grade Students,

The School Health Law of Pennsylvania requires that children receive a dental examination upon original entry and in grades 3 and 7. Believing that the family dentist should be the chief source of dental care, we encourage each child to visit the dentist regularly.

Please go to the Forms and Documents section at [www.yorkcatholic.org](http://www.yorkcatholic.org) and click on the Medical/Athletics form titled **School Dental Form – Private Dentist**.

Please remember that the form must be filled out as completely as possible by your family dentist and must be returned to your school nurse by August 20. Any student who does not return this form will receive a medical examination by a school dentist.

Very truly yours,

School Nurse

Note: All examinations by the family dentist are at the expense of the family.
