The OSS Health Sports Medicine team is committed to continually serving the needs of our student athletes through this difficult time. It is our goal to accommodate as many of the spring student athletes as possible, while keeping them safe in the process. We understand this is a change from previous years, it is necessary to modify the way we operate sports physicals this year due to the COVID pandemic. We thank you for being patient and working with us to reduce exposure and spread of the virus. We look forward to serving our student athletes on the sidelines this spring.

Masks and a screening questionnaire will be required at all appointments.

Arrive with paperwork completed.

**A legal parent/guardian should accompany the student athlete.**
