### Re-enrollment

As previously published, we have aligned the re-enrollment process with our course selection for the first time this year. We had an early re-enrollment fee of \$150.00 per student by March 17, 2017. After that date, the re-enrollment fee was set at \$200.00. After May 12, 2017, the late re-enrollment fee will be \$250.00. As in the past, the re-enrollment fee will be applied to the required fees for Capital Improvement and Technology.

FACTS Management is our tuition management company and each family must be enrolled online with the responsible payee's complete information by the re-enrollment deadline of May 12, 2017. If you are re-enrolling or you have applied for Financial Aid through FACTS Management, you use the same log-in information for both tuition and Financial Aid. This is an important part of the re-enrollment process. **Your student's enrollment is not considered complete without the online enrollment to the FACTS tuition management plan.** The enrollment fee of \$40.00 will be charged by FACTS through your payment plan. *If you decide to pay tuition in full, in one lump sum payment to FACTS by June 23, 2017, the \$40 fee is waived. If you do not already have a FACTS account, you are still required to enroll with FACTS Tuition Management by the May 12th deadline.* The FACTS website can be accessed by clicking on the FACTS logo found at the bottom of the York Catholic homepage at [www.yorkcatholic.org](http://www.yorkcatholic.org).

According to the policy established by the school board, no transcripts will be forwarded, no diplomas issued, nor will academic reports be given unless all tuition and fees are current or paid in full.

*York Catholic is operated as a faith community, and not as a commercial or secular enterprise. The school provides an opportunity for the development of faith-based values and for receiving instruction in the Gospel of Christ as part of its religious mission and ministry. Consequently, the payment of tuition may not be considered as creating a commercial or contractual relationship between the school and the parents that may be construed to create a legally enforceable obligation on the part of the school, or its sponsoring ecclesiastical entities, to allow for continued enrollment, or to provide any type or level of educational services, or to provide such services involuntarily.*
