

Immunization Requirements 2022-23

The Commonwealth of Pennsylvania has established school immunization requirements for all students. The regulations are intended to ensure that children attending school in PA are adequately protected against potential outbreaks of vaccine-preventable diseases. A child must have the required medically-appropriate vaccines or a plan to complete those vaccines or risk exclusion from school.

Children in grades 7-12 need the following immunizations for attendance:

- 4 doses of tetanus * (1 dose on or after 4th birthday)
- 4 doses of diphtheria* (1 dose on or after 4th birthday)
- 4 doses of acellular pertussis* (1 dose on or after 4th birthday)
- 4 doses of polio (4th dose on or after 4th birthday and at least 6 months after previous dose given)
- 2 doses of measles, mumps, and rubella (usually given as MMR)
- 3 doses of hepatitis B
- 2 doses of varicella (chickenpox) or evidence of immunity
- 2 doses meningococcal conjugate vaccine (MCV)
- 1st dose is given 11-15 years of age; a 2nd dose is required at age 16 or entry into 12th
- If the dose was given at 16 years of age or older, only one dose is required.
- 1 dose of tetanus, diphtheria, acellular pertussis (Tdap) – age 11 or older
 - * Usually given as DTaP or DTP or DT or Td

RETURNING STUDENTS

If you submitted doctor's documentation of the administration of these vaccines previously to the York Catholic nurse, you do not need to repeat this step unless an additional booster or immunization is needed or has been given in the past year.

- Students entering grades 10, 11, & 12 – please note the dose requirements for the MCV vaccine.
- **If your child has received the COVID-19 vaccine, please share a copy of the vaccine card so they can be removed from the potential quarantine list of close contacts.**

NEW STUDENTS

All new students must submit doctor's documentation of the dates the above doses were administered to the York Catholic nurse.

- If any of the required immunizations will not be given by August 3, 2022, please click [here](#) for the PLAN form to detail the dates the immunizations are scheduled to be given.
- **If your child has received the COVID-19 vaccine, please share a copy of the vaccine card so they can be removed from the potential quarantine list of close contacts.**

Under Pennsylvania state law, students without the required immunizations or a plan with scheduled dates of administration on file, cannot be admitted to school.

If you have any questions, please contact Mrs. Tiffany Brocius, York Catholic nurse, at 717-846-8871 x1321 or tbrocious@yorkcatholic.org or consult the PA Department of Health website at <https://www.health.pa.gov/topics/programs/immunizations/Pages/School.aspx>.

**Please return all immunization documentation to the school nurse by
August 3, 2022**
